BE rules state that the minimum requirement for each fixture is two table officials and two referees.

**Half Court Definition** When a team have obtained a 20-point lead, they MUST play half-court defence. Teams can attempt to rebound, however once the opposition has secured clear possession/control of the ball (including dribbling in their own back court), the other team MUST return into their own half and may play defence once the ball is in their defensive back court.

The team can register **three** senior players that plays for this team exclusively or can be playing in another YBL senior division. These players are not interchangeable and will need to be agreed with the Board before the season starts. These names will be shared with the teams in this division for transparency. Only two of those three can play at any one time.

\* If the league decides to have a 3PO game, assigning three referees or table officials, then the third official (Referee 2) or table official (24" clock operator) will be paid for by the YBL. If it's for development purposes, in-season, then the game fee will be paid to the observer/tutor.
